

## Wellbeing conversation

Once every year the PhD program committee in AGRO will make a “Wellbeing conversation” with all the PhD students. The talk should be seen as a supplement to the yearly MUS with the section leader and the ongoing talks with the supervisor about the project. It is mandatory to have the talk and subject to discuss are e.g. progress in PhD (on an overall level), the cooperation with the supervisor and other staff, social wellbeing in the group and privately,
